POWERFUL JOG / SHUTTLE CONTROLLER FOR EASIER, FASTER, SMARTER EDITING

New and improved weighted and balanced jog wheel rotates in 360 degrees in any direction. Edit your video with frame-by-frame precision, or edit your music with beat-by-beat accuracy.

Rubberized shuttle ring is spring-loaded providing variable speeds forward and reverse for controlling your timelines, digital camcorder, decks and VTR's. Great for audio scrubbing, internet/e-mail scrolling and gaming!

15 programmable buttons put total control at your fingertips. Automate keyboard shortcuts and commands for virtually any software, customize your ShuttlePRO V.2 settings to your personal taste, and work faster through your projects.

Use the Contour ShuttlePRO V.2 to speed up your entire project workflow: digitizing, clip editing, & audio scrubbing. Whatever the application, the ShuttlePRO V.2 makes your workflow easier, faster and smarter - *taking your productivity to new heights!*

The Contour ShuttlePRO V.2 comes with settings for many major audio & video applications pre-programmed right out of the box - *you'll be flying through your audio & video projects in no time!*

The Contour ShuttlePRO V.2 combines the latest hardware technologies as well as new and improved software functionality - *taking your workflow to new heights!*

Enhanced Software Functionality

Simple operating software runs in the background and makes the ShuttlePRO V.2 available for use within any program. You can also configure or customize the ShuttlePRO V.2 for almost any application; program keyboard shortcuts, scrolling, modifier keys, volume knob, and virtual keys with no hassles.

Even greater control for your overall workflow processes - *Use multiple ShuttlePRO's or use it in conjunction with the ShuttleXpress!*

Macintosh Software Control Panel

Windows Software Control Panel

Contour Design continues to develop new and improved ShuttlePRO software and hardware support for today's popular applications. Since it can be used in literally hundreds of applications and situations, Contour Design will be adding and updating the support on a continual basis. Visit the website periodically for the most current User's Guides, Software, News, Updates, and Announcements. This will ensure you will receive the latest versions available.
