# INSTRUCTIONS

**IMPORTANT:** Before set up, check that you have all parts necessary for assembly. In addition, we recommend that you separate all parts to expedite assembly.

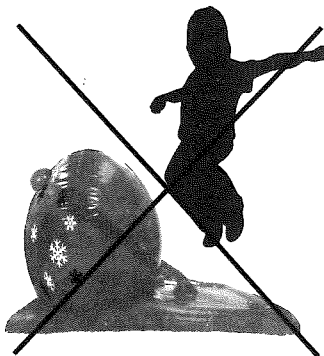

1. Carefully unfold item in a soft, flat and even surface which has been cleared of all objects.
2. Lift the air valve plug from the inflation/deflation opening on the edge of the unit.
3. Place the hose of pump (hose and pump not included) into the valve opening.
4. Turn the pump ON and inflate the unit.

**NOTE:** Pump may be purchased at most hardware sporting goods store and other retail outlets. Some pumps have inflate and deflate valves. Follow pump instructions when attaching hose.

**CAUTION** – **DO NOT** allow children to play on or in the unit until it is fully inflated. Inflate the unit only to the point that it is firm but not hard and wrinkles are still visible in the area of the welded seams. Do Not over-inflate the unit. Doing so may cause damage to the unit and bodily injury to the child should the unit fail from over-inflation. Inflation time will depend upon the type of pump being used. Once the unit is inflated, remove the hose and close the inflation/deflation opening by pressing the plug into the opening firmly to assure there will be no air leakage.

- Now repeat for the other remaining plugs.
- Allow only one child at a time to play with the product.

**WARNING:** DO NOT JUMP ON PRODUCT.

DO NOT STAND IN FRONT OF OPENING WHERE BALLS COME OUT WHILE ANOTHER CHILD IS KNEELING DOWN ON PILLOW.

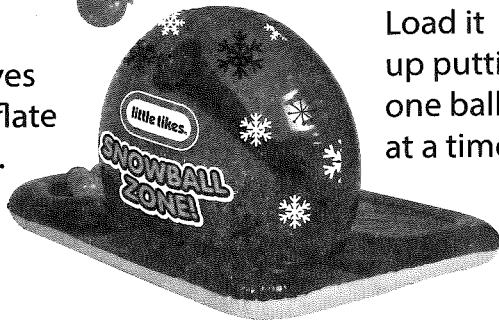

**ALLOW ONLY ONE CHILD AT A TIME TO PLAY WITH UNIT.**

# HOW TO USE THE DUELING SNOW BLASTERS

1

Locate air valves and inflate Blaster.

2

Load it up putting one ball at a time.

4

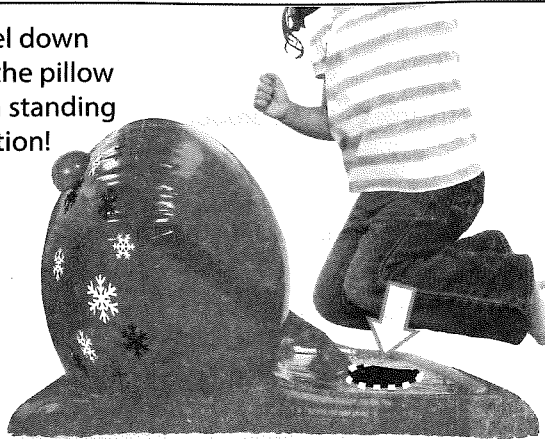

Watch the balls pop!

**WORKS BEST WITH BALLS INCLUDED (D:2.25")**

3

Kneel down on the pillow from standing position!

**WARNING** - Instruct the child how to play with the Dueling Snow Blaster.

## REPAIRING A PUNCTURE

In the event the Dueling Snow Blaster is accidentally punctured and adult must perform the following steps. Keep repair patches away from children.

1. Deflate the item, clean the punctured area with water and allow it to dry.
2. Cut a portion of the patch allowing approximately 1 ½" of excess patch material on all sides of the opening to be patched and round the corners
3. Remove the backing of the patch material, position the patch over the damaged area and smooth out any bubbles with a paper towel.
4. Allow the item to sit for 30 minutes before re-inflating.

**Repair Patch: Keep away from children. For Adult use only.**

A repair patch has been included with the product to repair small leaks and holes.

## DEFLATION & STORAGE

An adult must deflate and store the unit. Here's how:

1. Remove the child from the unit.
2. Remove the plug from the inflation/deflation opening.
3. Allow the unit to deflate completely.

**NOTE:** If you have purchased a pump that has both inflating and deflating functions, make sure the pump is on deflating mode. Then, simply place the end of the hose into the inflation/deflation opening in the unit, turn on the pump and the unit begin to deflate. If your pump does NOT have this feature, once the side walls of the unit are deflated, press gently on the top of the unit to help air escape from the deflation opening. DO NOT jump or lie on the unit to help deflate it as doing so may damage the unit and cause bodily injury to the jumper.

Once deflated, fold the unit as it came out of the package for storage. Store indoors in a dry place away from children's reach.

DO NOT leave the unit in any area where it might become damaged.

Cleaning Instructions: Surface wash with water only. Do Not use chemicals or abrasives.

Dry thoroughly before storing.
